

Government of Tripura
Department of Higher Education
TTAADC POLYTECHNIC INSTITUTE
(Approved by AICTE, New Delhi, Affiliated to Tripura University)
Khumulwng, Tripura, India

About the institution -

With the main objective to produce technicians at supervisory level to feed the demand of Technical Manpower in various fields of development activities Government of Tripura has proposed this polytechnic. TTAADC Polytechnic Institute is a Diploma Level Technical Institute under Department of Higher Education at the ADC areas. The Institute is situated with 6.44 acres of land at the prime location of TTAADC head-quarter Khumulwng amid the greenery. The three storied building infrastructure with beautiful architecture along with separate workshops of this Institute has been fully developed. The Institute received the first approval from AICTE for academic session 2016-17 and for consecutive academic years i.e. 2017-18 and 2018-19 AICTE has issued Extension of Approval for this Institute. Three core disciplines of Engineering i.e. Civil Engineering, Electrical Engineering and Mechanical Engineering have been introduced from the inception with an intake capacity of 60 nos. for each branch from the AICTE, New Delhi. The institute is affiliated to Tripura University (A Central University) since AY 2016-17. The Polytechnic Institute is committed to technical empowerment of the local youths and the state as well. The Institute is committed for technical empowerment of the youth locally and the state as well. Our endeavour is to take technical education out of tradition contours and make it more jobs and market oriented, building the sense of responsibility among the students, ensuring gender equity and increasing rate of employability.

Our VISION

The TTAADC Polytechnic Institute believes in scientific oriented learning and shall have the potential to provide excellence in academics. A potential drive to build common facility for students is taking place. The faculty of the Institute is committed to provide an outstanding exposure to its students. In coming years the Institute will take off for the zenith in technical teaching and research.

Our MISSION

- ☒ *To develop academic excellence by building competence for community service.*
- ☒ *To empower stakeholders by exploring their hidden potential.*
- ☒ *To foster independent thinking in students by offering academic atmosphere congenial for metamorphosis of a novice into seer and sage.*
- ☒ *To ensure safety of heritage, culture and environment by creating awareness amongst the clientele.*
- ☒ *To encourage faculty, students for performing more extra-curricular activities, research & development activities.*

FROM THE PRINCIPALS DESK

Sri Tamojay Deb
Principal-in-charge

Dear Recruiters

It gives me immense pleasure to invite you to participate in the placement process of TTAADC Polytechnic Institute. Our Institute established in the year 2016 is a Government Polytechnic Institute approved by AICTE and affiliated to Tripura University (A Central University) . It is the newest Polytechnic setup by Government of Tripura in this State. The students have been admitted through Central Selection Process along with other Government Polytechnics of Tripura. The courses offered at this Institute help an individual kick-start his career -they allow him to start his own business or get a decent job at a reputed place. Besides excelling in academics, we believe in overall personality development of our students by way of providing soft skill training and offering the related subjects. In tune with our Institute's vision and mission, We, at TTAADC Polytechnic Institute try to inculcate Right Behaviour, Positive attitude and leadership Qualities in our students for their Holistic Development. Students of our institute are trained to contribute a lot in making of morally and technically competent Technicians ready to render their expertise and services to the industry and society. Apart from academics, sports, cultural, technical and social activities are also conducted to boost their confidence, improve their communication, personal skills, building team spirit and decision making ability.

I extend a hearty invitation to you for visiting our campus with opportunities for our students, so that they can play their vital role in nation building through your esteemed organization.

Smt. Manjuri Paul
Training & Placement Officer
TTAADC Polytechnic Institute

FROM THE DESK OF TRAINING & PLACEMENT OFFICER

It gives us immense pleasure to extend to you a most cordial invitation to participate in the Campus Recruitment Programme of TTAADC Polytechnic Institute, Khumulwng. With an increasing thrust being placed on Institute-Industry Interaction, it is my sincere belief that your esteemed organization and our Institute stand to gain immensely from this symbiotic relationship.

TTAADC Polytechnic Institute established in 2016 has been imparting high quality Diploma level technical education in the state of Tripura from inception. Decent infrastructure in all branches of engineering, dedicated and qualified staff, highly conducive environment for teaching-learning process are the hallmarks of this professionally managed institution. Our Polytechnic offers Three Diploma Engineering programs in Civil, Mechanical and Electrical. The institute is affiliated to Tripura University (A Central University), Suryamaninagar Tripura. The Training & Placement Cell of our institution plays a key role in counselling and guiding the students for their successful career placement which is a crucial interface between the stages of completion of academic program of the students and their entry into the suitable employment. We are confident, at this Institute; you would find candidates meeting your requirements in practically desirable field of interest to your organization. It will be our pleasure to assist you in your recruitment efforts. The Training & Placement Cell provides all facilities for presentations, written test, group discussion and personal interviews. We are looking forward to a mutually beneficial and long-lasting relationship with your esteemed organization.

Please feel free to contact the Training & Placement Officer for any further information/clarification from our side.

Interactive approach

The curriculum of the Institute has been design by Tripura University (A Central University) with exhaustive deliberations and discussions with the engineering experts and professionals of practical field so as to make the curriculum most closely designed with the needs and demands of the industry. This practice oriented curriculum not only given the students and overview of engineering as an academic discipline but also enable the students to inculcate values and skills as to become competent engineers.

Why us

Professional Values

Through extinctive and ongoing industrial visit cum training students achieve the professional values of discipline punctuality, responsibility, accountability, empathy, perseverance etc. Students are encouraged to look for avenues to learn from every opportunity and enhance their competences.

The finest Mind

The students at TTAADC Polytechnic Institute are among the brightest mind of Tripura after their 10th standard examination conducted by CBSE, TBSE and by other recognised boards. Through the merit based counselling process conducted by the Central selection committee, students take admission. They are then nursed, cherished and trained to meet the challenges of the professions.

Experienced Faculty & Technical Staff

The Departments have experienced faculty members and technical support staffs for each subject to cater for the needs of the students for both theoretical import and for practical applications. Faculty members and technical staffs with their knowledge and experience of teaching grooming future engineers and encourage students to have a complete understanding of the subject.
